

## *About Mary Velez and Her Work*

Mary Velez has spent a lifetime in searching to experience, know and love God. In that search, Mary has delved deeply into spirituality, world religions, metaphysics, mysticism, the study of human potential and maintaining optimum health of the incredible temple housing our spirits.

As a result of her years of focus and contemplation, as well as a relentless desire to experience God in a tangible way, Mary has evolved today as a clear healing channel. A channel through which the Holy Spirit and a council of heavenly emissaries work to heal, restore and awaken people to optimum health and clarity in one's life.

Mary will be the first to tell you that she is not the one performing the healings and miracles. As Master Jesus so aptly stated in John 14:10, "Don't you believe that I am in the Father and you are in me? The words I say to you are not just my own. Rather, it is the Father, living in me, who is doing this work."

Mary has been called to be the hands, the voice, and the heart of God in a world that has forgotten itself. Therefore her only credential is God and that is also your credential to opening the door to receive the healing, the peace, the abundance and the love your soul so desires.

## *Do You Want All You Came to This Planet to Do and Be?*

You Beloved, are a child of God, made in the image and likeness of your all knowing, all present, all powerful and all loving Creator. You hold within you a perfect blueprint for complete direction, health, joy, abundance and, most importantly, love—more than you could ever imagine. You are unique and magnificent. You have a specific purpose for incarnating onto this planet and precious gifts to share with all you come in contact with. Every thought from you creates and not only affects you, but the world as well.

## *Why Then, Am I Living in Fear, Doubt and Uncertainty?*

The problem, Beloved, is that you believe that it is possible to be separated from your Creator. From this very basic error, does all lack of peace, health and prosperity come.

Come; open your heart to a new way of thinking and responding. This may be the first day of living in unison with your highest potential. This may be the day you start expanding, ascending and creating your life, your way, for your own good and the good of all.

## *Mary's Philosophy*

Seeing me for healing, energy balancing or spiritual counseling is for anyone ready to change, find true purpose in life and live joyously in a state of optimum wholeness. Many have tried again and again to improve all aspects of their lives and find themselves in the same spot shortly after each period of rejuvenation.

Being energetically balanced (healthy) while simultaneously discovering the divine essence of God within one's self, brings a life of expanded awareness, joy, abundance and, most importantly, love and the realization of life eternal.

## *From Those Who Know Mary's Gifts...*

Mary is one of the purest vehicles for transformation and healing I have ever met. The God that she radiates through every part of her being. When she moves, one can see a trail of Light moving with her. When she touches you, you can feel the hands of The Divine. When she talks with you, it is as though you are being spoken to by God Herself... For me, that is the a true healer.... Maureen Moss, Stewart of the World Puja Network

Mary,

Thank you. You made a miracle. There is no way we can ever repay you. Your healing gift and kindness gave us the hope that had been stripped from us. Today Sophia is back in school eating any food she desires and has matured so much. The doctors continue to be amazed!... Lemlem C. (mother of 9 year old Leukemia patient)

Hi Mary,

Wow, my mom is so much better. Attitude, coloring, mobility, appetite, water intake ☺yeah! God bless you for opening yourself up to sharing this beautiful energy to all of us! ♥ ... Sandra

Hi Mary,

What a blessed event. Much healing took place for all in attendance. After two days of walking around in a kind of a daze, I woke up this morning with a wonderful feeling of release... Linda

Thanks, Mary,

Today I feel a lot more movement in my back and lower abdomen. I was so stiff for the past two days and it was gone when our session ended. It's truly amazing. I actually have a bounce in my step! ... Chrysann
